

Say it with Style

Talk is cheap, Time is money
Hey honey got a whole lotta nothing to say
If your money ain't talkin, just keep on walkin
My time is pay to play

Mamma always said that if you can't say something nice, don't say it at all
Nine times out of ten, that's a pretty good call

But if you're gonna say it, say it with style
Serve it up right, with a coke and a smile
In the middle of town, in the middle of night
With a Dixie band and circus lights
You gonna say it? Say it with style.

You talk a mean body language with a capitol WOW
They say actions speak louder than words
Exclamation point, might have to turn it down
Or you might be overheard

Mamma always said that if you can't say something nice, don't say it at all
Nine times out of ten, that's a pretty good call

But if you're gonna say it, say it with style
Serve it up right, with a coke and a smile
In the middle of town, in the middle of night
With a Dixie band and circus lights
You gonna say it? Say it with style.

Talk is cheap, Time is money
Hey honey got a whole lotta nothing to say
Hey honey just sit on your butt and complain
Well if your money ain't talking baby, get a lawyer, cause you know I don't play that game
